2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The evaluation method is carried out in the college as per the rules and regulations laid down by KBC North Maharashtra University, Jalgoan. At the beginning of the academic year, prior intimation and information regarding internal as well as external evaluation is given to the students. Complete information about the methods of evaluation is already mentioned in the prospectus of the college. The syllabi supplied by KBCNM University have incorporated the format of question paper and scheme of examination. Teacher

explains this format of evaluation system to the students in the beginning lectures. University has adopted CBCS 60:40 pattern evaluation method. Our institution is affiliated to the university NMU Jalgaon. The evaluation method is framed and designed by the university. If necessary, university reforms evaluation method time to time and sends the circular regarding the reforms to the college either by letter or displayed on its website. Then institution displays the same on the notice board and brings in the knowledge of students. The internal assessment is of 40 marks which is distributed as 20 marks for tutorial, ten marks for seminar and 10 marks for attendance. The subject teacher maintains the record of attendance, seminar, group discussion and tutorial for correct evaluation. The college examination committee declares the schedule of internal examination and organizes it accordingly. After examination, marklists are prepared by the subject teacher and submits to the chairman of examination committee. Then he feeds marks in the software provided by university and performance ledger is generated, printed to the university. KBC North Maharashtra University, Jalgaon reforms the examination of first year of UG Level. The CAP of the First Year of BA/BCOM/BSC is held at the college level. After the assessment, marklist is prepared by the examiner. The CAP Director feed the marks in the software provided by the University and performance ledger is generated, printed submitted to the university. The result of first year is displayed on the college notice board. The printed mark sheets are provided by University and distributed students by college.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The Institution is affiliated to K.B.C. North Maharashtra University Jalgaon. The University displays the academic calendar on the University Web Site. As per the academic guidelines laid down by University, IQAC prepares College academic calendar. This academic calendar includes academic/curricular activities, extracurricular activities and evaluation schedule. This academic calendar is prepared before the commencement of the new academic year and implements it with the opening day of the new academic year. The regular time table is notified to students and teachers on the day of the commencement of the academic session. The institution strictly follows the syllabi framed by the University. Every teacher prepares the teaching plan in unit or chapter wise manner with the help of ICT based programmes, class seminars and project assignments. Theory and practical periods are recorded separately in academic diary provided by the institution. This diary is monitored and verified by Head of Department respectively. Teachers follow the academic calendar in preparation of teaching plan. They engage periods of theory and practical as per teaching plan. The evaluation methods are communicated to the students at the beginning of the academic year. Tutorials are arranged in the class. Seminars are organized at regular interval of time to assess student's knowledge. Every teacher prepares question bank on each unit and conduct the class test accordingly. The institution conducts internal assessment examination. The entire assessment process is done as per University internal assessment scheme.

Institute has well defined policy for maintenance and utilization of all its physical and academic facility. The Principal of the College constitutes the building Committee. This committee monitors the building, infrastructure and campus development. The committee maintains the college infrastructure by demanding estimates from aspirant engineers. The college also appoints extra private staff for certain works regarding infrastructure maintenance such as Campus cleaning and gardening. The maintenance also includes use of equipment in various laboratories, use of library facility, use of computers in information processing centers and departmental laboratories. Maintenance of the computers is carried out by appointing external agencies which take care of installing new software. Equipment in all the laboratories are also maintained through annual maintenance contracts given to either manufacturers or their agents. All classrooms, seminar halls, Building, Hostel, and Residential Area are maintained under the supervision of the Principal and Building Committee. The playground is properly designed with the help of menial staff of the College. The Playground is regularly supervised by Director of Physical Education. Whenever necessary, it is cleaned and maintained by the volunteers of NSS, NCC and Sport persons. This DPE is taking care of use of all play grounds and Sport facility and all the extra and co curricular activities conducted for Institutional students throughout the year.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The institution has a practice of decentralization and participative management in the decision making. The college provides the better opportunity to all to participate in the decision making process. The college administrative and academic structure is in a manner to make the decision by participative arrangement. Principal is the administrative and academic Head, followed by vice principal and department heads. For every decision, Principal organizes meetings of the department and concerned faculty members. The final decision is taken only after consultation of all members. On administrative ground, the Principal is followed by the Registrar and office superintendent. The college follows all such norms laid down by the Government of Maharashtra and UGC in Academic and administrative Aspects. In the institution, the Management is participative. Regular meetings are convened among the Management members, Principal, faculty and the students in implementing efficient plans. All the departments are requested to present their Annual Action Plan at the beginning of every academic year with a clear cut road map to deliver the same. The matters at the department level are discussed by the HOD with the faculty team in consultation with the Principal. This gives the faculty an enormous sense of belonging and pride in the institution and this brings out the best in them. Once a year, a get together meeting between staff and Governing Council members is arranged which wherein all important subject matters are discussed including the strategic plan for the next year. An equal opportunity for all the staff members is given to express their constructive suggestions to the council. The meeting of the President with the staff at the beginning of every semester is indeed a reflection of the participative Management in every decision making. The examinations are carried out periodically throughout the year for which there is separate examination department. The COE is in charge of examination department. The administrative heads are the office employees. They conduct regular meetings which approved by principal.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

Use of garden waste for making Compost. Paperless offices. Plastic free campus. Use of bicycle by Students as well as Staff once in a week. Prepared vermi-compost from the plant wastage and garbage.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Title: ICT Enabled Teaching Objectives: 1) To facilitate communication among staff and students within programs. 2) To increase access to high quality learning material for students. 3) To improve the quality of education by discarding narrow ways of learning. 4) To enhance teacher-student communication in feasible manner. 5) To develop the ability to face problems while dealing with unfamiliar situation. 6) To open the door of advanced knowledge with the help of ICT in the rural area. 7) To enhance the limited knowledge sources into vast knowledge sources. 8) To enhance the lifelong learning. Context: In 21st century, everybody use ICT in day today life knowingly or unknowingly. Teaching learning cannot be completed until the incorporation of ICT in it. Traditional methods of teaching learning process become obsolete and in due course of time it becomes outdated. ICT enables teachers to deliver effectively displays their ability of world knowledge. Practice: Most of the faculty members practice ICT

in their teaching in the forms of PPT during lectures and practical, animated videos. They do share video links with the students so that students can understand complex concepts thoroughly. The communication to students is mostly done with either email or Google classroom. Evidences: The most powerful evidence is the growth in University result. The results of Arts, Commerce and Science faculty has been continuously increasing. The students are able to access the internet for academic purpose and upgrade themselves. It is the success of this activity that students belonging to rural area can upgrade and update themselves along with the global context. Problems Encountered and Resources Required: Our college is situated in rural and drought prone area. The available resources in the institution are limited. If the facilities of ICT are given more, the use of ICT would be promoted on large scale. The additional facilities of ICT should be provided to the institution. Title: Community Neighbourhood Learning Objectives: 1) To facilitate communication between college and society. 2) To maintain easy access of staff and students to the community. 3) To utilize college resources in the welfare of neighbouring community. 4) To acknowledge the problem of society and find suitable solutions on it. Context: Man is a social animal. While living in society one cares for others through communicating ideas, emotions and feelings. Education is the medium of improvement in the behavior of day today life. Students are connected with society and owe a lot to society. Extracurricular activities in the college connect students with surrounding community. If academic study is connected to concepts, issues and contexts, that are more familiar, understandable, accessible or personally relevant to them. By using the 'Community as a classroom' teachers can improve knowledge retention, skill acquisition. Practice: NSS volunteers of the college organized various community addressed programmes such as Swachha Bharat Abhiyan, Beti Bachav Campaign, AIDS awareness rally, Voter awareness rally, Street play on Superstitions etc. These issues are addressed to society in order to eliminate the burning problems from society and safeguard the interest of community. Evidences: During NSS winter camp at the village Hol, water bunds are built up by students as a result it increases the groundwater level of the surrounding area. Awareness of many issues created in the society and people follow ethics in the practice of it. The result of this awareness camp is so deep that dowry custom is permanently eliminated from the society. Problems Encountered: The academic year has a time constraints. In semester system, students do not have ample of time for community based activities because teachers and students have to concentrate on the completion of syllabi.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The Philanthropists of the institution have started the college in the town with the vision of 'Bahujan Hitay Bahujan Sukhay' which means 'the welfare of people and happiness of people'. The institution is located in rural, mofussil and drought prone area. The government runs Backward Class Hostel in the town. Therefore 30 to 40 percent students of tribal community are enrolled in the college. More than fifty percent students are belonged to economically backward community. Among enrolled students, the ratio of girl students is 70:30. The enrolled students are from social diversity. The college is committed to the vision from the beginning of the college. The Philanthropists have been continuously working hard in the welfare of the society. The alumni have been working on various levels of the society. While learning in the college,

students are actively participated in various sports, cultural activities, NSS, NCC and other co-curricular activities. They achieved great success in the examination and secured top most positions in the University. Many students have secured first class, distinction and top position in the University result. Many sport students have achieved awards and medals in various games at University, State and National level. Students of the college are famous in Volley ball game in the University jurisdiction. Many students have represented in the University volleyball team in the inter University competition. Though the college is located in the rural area, teachers have made significant progress in research activities. They participate in national, international conferences, seminars and workshops wherein they present their research papers. Teaching faculty is engaged in research paper publication throughout the year. They undertake Minor Research Projects sponsored by UGC or Research projects sponsored by KBC North Maharashtra University Jalgaon. Most of the teaching faculties have attained M. Phil and Ph. D. degree. Near about all faculty members use ICT in class room teaching. They use their knowledge to uplift the students and society. Teachers and students long for new knowledge and subsequently update it by themselves. Out of total enrolled students, 60 students are belonged to rural and drought prone mofussil area whereas 20 students belonged to tribal community. Rests of the students are from Shindkheda town. Most of the students are deprived of financial support as they belong to economically backward family. Despite all these oddities, students make remarkable progress in their academic life. After admitting to First year of degree course, their success rate has been increasing and at the end of the degree course they reach up to distinction or 8-9 score CGPA. It happens due to the efforts taken by the teaching faculty members of the institution.
