## Decentralizing and Participatory Management

## **The effective leadership is visible in various institutional practices such as decentralization and participative management.**

The institution has a practice of decentralization participative management in the decision making. The college provides the better opportunity to all to participate in the decision making process. The college administrative and academic structure is in a manner to make the decision by participative arrangement. Principal is the administrative and academic Head, followed by vice principal and department heads. For every decision, Principal organizes meetings of the department and concerned faculty members. The final decision is taken only after consultation of all members. On administrative ground, the Principal is followed by the Registrar and office superintendent. The college follows all such norms laid down by the Government of Maharashtra and UGC in Academic and administrative Aspects.

In the institution, the Management is participative. Regular meetings are convened amongst the Management members, Principal, faculty and the students in implementing efficient plans. All the departments are requested to present their Annual Action Plan at the beginning of every academic year with a clear cut roadmap to deliver the same. The matters at the department level are discussed by the HOD with the faculty team in consultation with the Principal. This gives the faculty an enormous sense of belonging and pride in the institution and this brings out the best in them. Once a year, a get together meeting between staff and Governing Council members is indeed a moment to cherish, wherein all matters of importance, including the strategic ones are discussed with an equal opportunity for all the staff members to express their constructive suggestions to the council. The meeting of the President with the staff at the beginning of every semester is indeed a reflection of the participative style of the Management.

The examinations are carried out periodically throughout the year for which there is separate examination department. The COE is in charge of examination department. The administrative heads are the office employees. They conduct regular meetings which approved by principal. Thus the participative arrangement is being followed in decision making.
