**Subject- Submission of feedback report 2022-2023 on
Prescribed University Curriculum for
Affiliated colleges**

Respected Sir,

Being an affiliated college, we strictly follow to the university curriculum and strive to deliver the curriculum to the student effectively. Every year our college collects 'feedback on curriculum' from various stakeholders devised by the college IQAC. Through sample survey methods we ask various questions related to relevance of units to the course, objective stated in each course, distribution of contact hours, size of syllabus, elective relevance of specialization, relevance of course for student job's placement, evaluation scheme and real life application. At the end of academic year, reports were collected analyzed.

Here we also submit the feedback report 2022-2023 from the student on curriculum for your consideration. Kindly accept and acknowledge the same.

Thank you.

Action Taken Report on Students Feedback

Academic Year 2023-24

The students of the college, keeping the goal of college development in mind, gave a questionnaire of questions to the students, keeping in mind the purpose of 30 different types and various elements. After analysing those different points and after the report of the analysis comes to me as the principal, I have to implement a special strategy for the purpose of improving it in the next academic year, keeping in mind the weakness I feel in it, so that there will be a special effort to improve the elements that have not received very good feedback from the students this year.

- 1) Facilities for student study in library do not show very good feedback from students.
- 2) Feedback to the students is that the help they need from the teacher is not very good.
- 3) The subject of library facilities also does not show very good feedback
- 4) It is noticed that the water facility in the college was not given very good feedback

At the same time, the students did not get very good feedback about various issues such as classroom cleanliness, computer availability, internet facility, sports facility, NSS facility, cultural program facility, parking canteen, toilet facility etc. In the academic year 2020-21, since Corona is a disaster, restrictions on many things were imposed by the government, so all the elements were taking decisions following

their orders, so the impact of it can be seen this year, so the feedback of the students is not very good on many questions. However, as a Principal, I will try my best to study the above various issues and improve them and I guarantee that students will get all kinds of good facilities soon.

Action Taken Report on Parents Feedback

(Academic Year -2023-24)

In the academic year 2020-21, Corona has become a very serious disaster at the international level, causing immense damage to the society. During this period, teachers, non-teaching staff, students, parents etc. of our college faced a direct threat of this disaster. It is impossible to make up for the damage done, but in the expectation that the new hope has to participate in the development process again, it was not possible to contact the parents as expected in the academic year 2020-21 and 2021-22 because there was no fear in the society, so 47 parents were contacted and given a questionnaire to inform them about the questionnaire and the Requested to fill this questionnaire from experience and filled the feedback form from them. In this questionnaire, taking into consideration the feedback of the parents, efforts will be made at the college level to make improvements in the next academic year by keeping student interests at the center.

1) After taking note of the feedback regarding the availability of books related to the students' curriculum in the local market to the parents, as the feedback is not found to be satisfactory, efforts will be made to make the books taught in the college available in connection with the library in the local market.

2) In their feedback, the parents did not give a satisfactory feedback on whether the teachers raised issues related to gender, religion, caste, etc., or whether the teachers were focusing on the best way to reconcile the students of different castes and religions. Therefore, by paying attention to this matter, teachers will be given instructions about maintaining intimate relationships with students.

3) Parents have expressed their opinion that the result obtained by the child from the course is not satisfactory. For this, all the employees will be notified and instructions will be given to remove them and such problems will not arise again, I will take care of this responsibility as a relevant factor.

4) The college will strive to bring out the best in transparency

5) Along with the courses taught in the college, the institute intends to introduce skill based courses along with the education the students are getting by providing many other vocational course facilities. As principal, efforts are being made to start vocational courses related to different subjects so that the students can contribute to the industry in the best possible way by getting skill based education certificate along with degree education. We will definitely try to provide different types of professional education in the next few years.

Action Taken Report on Teachers Feedback

Academic Year -2023-2

All the regular and temporary teachers in Arts, Commerce and Science faculty in the college need to know about the facilities available. For that purpose, the development of the teachers, in order to solve the problems that arise keeping in mind the interest of the students, the feedback of the teachers has been taken into account in the next academic year by reaching out to the teachers indirectly and taking into account the feedback given by the teachers will do. In the academic year 2017-18, after considering the feedback of the teachers, they have expressed the opinion that the following improvements are needed. Some of the important questions are as follows

- 1) Necessary instructions were given to prepare the syllabus keeping in mind the interest of the students. Availability of reference books in terms of curriculum is not the best.
- 2) It has been expressed that there is a lack of necessary tools for practical papers in the course.
- 3) Feedback is expressed regarding the development of library facilities.
- 4) The teachers have expressed the opinion that the physical comfort facilities in the college are not the best.

Based on the feedback given by the teachers as above, in the next academic year, as a major component of the college, it will try to get the facilities well and will provide the facilities.
